

WHAT WERE THE STEPS ON YOUR PATH?

The wrong people
influenced me

Made some bad choices

Wanted to prove something

Wrong place wrong time

No money

Going homeless

Felt desperate

Drug problems

Alcohol problems

Anger

The system worked
against me

Wanted to impress

Got revenge

I was framed

Disability problems

Forced to do things

Lies were told to me

I lied

Friends turned enemies

JAIL

Lost my values

A small problem exploded

Wanted to compete with
someone

Got bad advice

Violence happened

I was depressed

My pride was hurt

In a bad relationship

Needed food and housing

Made speedy decisions

Got greedy

I was disrespected

Gang problems

Felt hopeless

Wanted respect

Lost control

Helped someone and
it backfired

Wanted things

Wanted to be #1

Couldn't change my ways
